

SchoolCare 65+ NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED BY SCHOOLCARE 65+ AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice supplements a similar Notice you will receive from United American Insurance Company regarding your benefits under SchoolCare 65+. United American is responsible for insuring and administering the benefits that supplement your coverage under Medicare Parts A and B. You will also receive a Notice from Express Scripts, Inc. regarding your pharmacy benefits. The New Hampshire School Health Care Coalition (the “Coalition”) and Express Scripts, Inc. are responsible for administering the pharmacy portion of your SchoolCare 65+ benefits.

This Notice deals exclusively with how medical information associated with your pharmacy benefits will be treated. The Coalition is directly involved only with that type of information.

Protected Health Information (PHI) is information, including demographic information, that may identify you and that relates to health care services provided to you, the payment of health care services provided to you, or your physical or mental health condition, in the past, present or future. This Notice of Privacy Practices (the Notice) describes how SchoolCare 65+ may use and disclose your PHI. It also describes your rights to access and control your PHI.

As a health plan, SchoolCare 65+ is required by federal law to maintain the privacy of PHI and to provide you with this Notice of our legal duties and privacy practices. The Coalition administers SchoolCare 65+ and is responsible for ensuring SchoolCare 65+’s compliance with federal law.

We are required to abide by the terms of this Notice, but reserve the right to change the Notice at any time. Any change in the terms of this Notice will be effective for all PHI that we are maintaining at that time. If a change is made to this Notice, a copy of the revised Notice will be provided to all individuals covered under SchoolCare 65+ at that time.

PERMITTED USES AND DISCLOSURES

Treatment, Payment and Health Care Operations

Federal law allows a health plan to use and disclose PHI, for the purposes of treatment, payment and health care operations, without your consent or authorization. Examples of the uses and disclosures that SchoolCare 65+, as a health plan, may make are listed below:

- ☐ **Treatment.** Treatment refers to the provision and coordination of health care by a doctor, hospital or other health care provider. SchoolCare 65+ does not provide treatment.
- ☐ **Payment.** Payment refers to the activities of a health plan in collecting premiums and paying claims for health care services and pharmaceuticals you receive. Examples of uses and disclosures under this section include the sending of PHI to an external medical review company to determine the medical necessity or experimental status of a treatment; sharing PHI with other insurers to determine coordination of benefits or settle

subrogation claims; providing PHI to a utilization review company for pre-certification or case management services; providing PHI in the billing, collection and payment of premiums and fees to SchoolCare 65+ vendors such as Express Scripts, Inc.; and sending PHI to such carriers to obtain reimbursement of claims paid under the SchoolCare 65+ health plan. The Coalition, together with ExpressScripts, Inc., will conduct these types of activities with respect to your pharmacy benefits.

- ☐ **Health Care Operations.** Health Care Operations refers to the basic business functions necessary to operate SchoolCare 65+. Examples of uses and disclosures under this section include conducting quality assessment studies to evaluate SchoolCare 65+'s overall performance or the performance of a particular network, vendor or other Business Associate; the use of PHI in determining the cost impact of pharmacy benefit design changes; the disclosure of PHI to underwriters for the purpose of calculating premium rates and insurance quotes to SchoolCare 65+; disclosure of PHI to consultants who provide legal, actuarial and auditing services to the plan; and use of PHI in general data analysis used in the long term management and planning for SchoolCare 65+ and the Coalition. Again, the Coalition, together with Express Scripts, Inc., will conduct these types of activities with respect to your pharmacy benefits.

Other Uses and Disclosures Allowed Without Authorization

Federal law also allows a health plan to use and disclose PHI, without your consent or authorization, in the following ways:

- ☐ To you, as the covered individual.
- ☐ To a personal representative designated by you to receive PHI or a personal representative designated by law such as the parent or legal guardian of child, or the surviving family members or representative of the estate of a deceased individual.
- ☐ To the Secretary of Health and Human Services (HHS) or any employee of HHS as part of an investigation to determine our compliance with the HIPAA Privacy Rules.
- ☐ To a Business Associate as part of a contracted agreement to perform services for the health plan.
- ☐ To a health oversight agency, such as the Department of Labor (DOL), the Internal Revenue Service (IRS) and the Insurance Commissioner's Office, to respond to inquiries or investigations of the plan, requests to audit the plan, or to obtain necessary licenses.
- ☐ In response to a court order, subpoena, discovery request or other lawful judicial or administrative proceeding.
- ☐ As required for law enforcement purposes. For example, to notify authorities of a criminal act.

The examples of permitted uses and disclosures listed above are not provided as an all-inclusive list of the ways in which PHI may be used. They are provided to describe in general the types of uses and disclosures that may be made.

OTHER USES AND DISCLOSURES

Other uses and disclosures of your PHI will only be made upon receiving your written authorization. You may revoke an authorization at any time by providing written notice to the Coalition that you wish to revoke an authorization. We will honor a request to revoke as of the day it is received and to the extent that we have not already used or disclosed your PHI in good faith with the authorization.

YOUR RIGHTS IN RELATION TO PROTECTED HEALTH INFORMATION

Important: As indicated above, both Express Scripts, Inc. and the Coalition will possess PHI related to your pharmacy benefits. Generally, you should contact Express Scripts, Inc. directly with respect to the rights described in the following paragraphs. The Express Scripts, Inc. Privacy Officer contact information is set forth at the end of this Notice.

Right to Request Restrictions on Uses and Disclosures

You have the right to request that SchoolCare 65+ limit its uses and disclosures of PHI in relation to treatment, payment and health care operations or not use or disclose your PHI for these reasons at all. You also have the right to request the plan restrict the use or disclosure of your PHI to family members or personal representatives. Any such request must be made in writing to the Privacy Contact listed at the end of this Notice and must state the specific restriction requested and to whom that restriction would apply. SchoolCare 65+ is not required to agree to a restriction that you request.

Right to Receive Confidential Communications

You have the right to request that communications involving PHI be provided to you at an alternative location or by an alternative means of communication. SchoolCare 65+ is required to accommodate any reasonable request if the normal method of disclosure would endanger you and that danger is stated in your request. Any such request must be made in writing to the Privacy Contact listed at the end of this Notice.

Right to Access to Your Protected Health Information

You have the right to inspect and copy your PHI that is contained in a designated record set for as long as SchoolCare 65+ maintains the PHI. You also have the right to inspect and copy your PHI that is maintained by SchoolCare 65+'s Business Associates. A designated record set contains claim information, premium and billing records and any other records SchoolCare 65+ has created in making claim and coverage decisions relating to you. Federal law does prohibit you from having access to the following records: psychotherapy notes; information compiled in reasonable anticipation of, or for use in a civil, criminal or administrative action or proceeding; and PHI that is subject to a law that prohibits access to that information. If your request for access is denied, you may have a right to have that decision reviewed. Requests for access to your PHI should be directed to the Privacy Contact listed at the end of this Notice.

If SchoolCare 65+ or its Business Associates maintains your PHI electronically, you will have the right to request a copy in electronic format. SchoolCare 65+ will use the format you request unless it is not practical to do so. You may also request that we send a copy of your PHI directly to another person that you designate. Such a request must be in writing, signed by you, and must clearly identify the PHI requested and the person to whom and address where the PHI should be sent. SchoolCare 65+ reserves the right to charge a reasonable, cost-based fee for paper copies or for processing electronic copies of Protected Health Information.

Any request to exercise your right of access to your Protected Health Information must be submitted in writing to the Privacy Contact listed at the end of this notice. SchoolCare 65+ will respond to your request for access within 30 days of receiving the request. If all or any part of your request is denied, SchoolCare 65+'s response will detail any appeal rights you may have with respect to that decision.

Right to Amend Protected Health Information

You have the right to request that PHI in a designated record set be amended for as long as SchoolCare 65+ or Express Scripts, Inc. or other Business Associates maintain the PHI. SchoolCare 65+ may deny your request for amendment if it determines that the PHI was not created by SchoolCare 65+, is not part of designated record set, is not information that is available for inspection, or that the PHI is accurate and complete. If your request for amendment is declined, you have the right to have a statement of disagreement included with the PHI and SchoolCare 65+ has a right to include a rebuttal to your statement, a copy of which will be provided to you. Requests for amendment of your PHI should be directed to the Privacy Contact listed at the end of this Notice.

Right to Receive an Accounting of Disclosures

You have the right to receive an accounting of all disclosures of your PHI that SchoolCare 65+ and its Business Associates have made, if any, for reasons other than disclosures for treatment, payment and health care operations, as described above, and disclosures made to you or your personal representative. Your right to an accounting of disclosures applies only to PHI created by SchoolCare 65+ or its Business Associates after April 14, 2004 and cannot exceed a period of six years prior to the date of your request. Requests for an accounting of disclosures of your PHI should be directed to the Privacy Contact listed at the end of this Notice.

You have the right to be notified in the event of a breach of any of your unsecured Protected Health Information. SchoolCare 65+ will provide you with written notice if your unsecured Protected Health Information is used or disclosed in violation of the HIPAA Privacy Rules.
