

90-day supplies help make fills easier.

Make monthly refills one less thing to think about.

With the Cigna 90 NowSM program, your plan requires you to fill certain maintenance medications in a 90-day supply. These are the medications you take on a regular basis to treat an ongoing health condition, such as asthma, diabetes, high blood pressure or high cholesterol.

What you need to know.

Your plan covers maintenance medications when you fill them:

- In a **90-day** (or 3-month) supply;¹ and
- At one of these pharmacies:
 - **Select in-network retail pharmacies** approved to fill 90-day supplies, or
 - **Home delivery** with Express Scripts[®] Pharmacy.²

Spend less time in line at the pharmacy – and more time doing the things you enjoy.

- You'll make fewer trips to the pharmacy for refills (four times a year instead of every month)
- You're more likely to stay healthy – with a 90-day supply on hand, you're less likely to miss a dose³

About your pharmacy options.

Retail pharmacies

There are thousands of pharmacies in your network that are approved to fill 90-day prescriptions⁴ – including local independent pharmacies, grocery stores, retail chains and wholesale warehouse stores. For example, **CVS Pharmacy[®]** is approved to fill 90-day supplies.

To find an in-network pharmacy near you, log in to the **myCigna[®] App⁵** or **myCigna.com[®]**.

Home delivery with Express Scripts[®] Pharmacy

Home delivery is a convenient option when you're taking a medication on a regular basis. It's simple, safe – and saves you trips to the pharmacy.

By choosing home delivery, you can:

- **Easily manage** your medications from your phone or online
- Get standard shipping **at no extra cost⁶**
- Fill up to a **90-day supply** at one time
- Talk to **helpful pharmacists**, 24/7
- Sign up for **free automatic refills** or refill reminders so you don't miss a dose
- Use a **flexible payment plan** to make it easier to pay for your medication

To learn more, go to **Cigna.com/homedelivery**.

How to fill a 90-day supply.

Ask your doctor for a 90-day prescription (with refills).

Ask their office to send it electronically to an approved in-network retail pharmacy or to Express Scripts® Home Delivery.

Get your 90-day supply of medication. You'll fill again in 3 months.

1. Certain medications may only be packaged in less than a 90-day supply. For example, three packages of oral contraceptives equal an 84-day supply. Even though it's not a "90-day supply," it's still considered a 90-day prescription.
2. Not all plans offer Express Scripts® Pharmacy as a covered pharmacy option. Log in to the myCigna App or myCigna.com, or check your plan materials, to learn more about the pharmacies in your plan's network. Cigna Healthcare maintains an ownership interest in Express Scripts® Pharmacy's home delivery services. However, you have the right to fill prescriptions at any pharmacy in your plan's network. You won't be penalized regardless of where you fill your prescriptions.
3. Internal Cigna Healthcare analysis performed Jan 2019, utilizing 2018 Cigna Healthcare national book of business average medication adherence (customer adherent > 80% Proportion Days Covered), 90-day supply vs. those who received a 30-day supply taking antidiabetics, blood pressure medications and statins.
4. Every pharmacy in your network can fill 30-day prescriptions.
5. App/online store terms and mobile phone carrier/data charges apply. Customers under age 13 (and/or their parent/guardian) will not be able to register at myCigna.com.
6. Standard shipping costs are included as part of your prescription plan.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.

Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage, review your plan documents or contact a Cigna Healthcare representative.
