

SCHOOLCARE 30 YEARS OF SERVICE

PRESENTED BY
LISA DUQUETTE

30 YEARS AGO... *HOW IT ALL BEGAN*

SCHOOLCARE was founded in 1995 by:

- NH Association of School Business Officials
- NH School Boards Association
- National Education Association of NH
- NH School Boards Insurance Trust
- NH School Administrators Association

These associations represent public entity management and labor groups in the state. The Coalition was formed in response to issues of employee health care, including quality, choice, cost control and service that public entities faced. Today, nearly 30 years later, SCHOOLCARE remains a well-regarded resource for public entities facing these same issues.
